

The M240 from Edge10 comes with a massive 23.6" high resolution LCD Display, maximising the available space on the screen and minimising the need for constant and repetitive scrolling. Users can have multiple applications such as Email, accounts, Instant Messenger and webpage's running simultaneously without tabbing through various sessions. Stereo multimedia speakers, dual input (VGA and DVI) mean that this screen wants for nothing! Backed by our industry leading three year on-site exchange warranty.
