

EF190b 19" (1440 x 900) LED widescreen with VESA wall mount, integrated PSU and speakers

The latest LED backlit product from Edge10 offers stunning graphic reproduction in a true 19" wide screen. Utilising the latest in LED technology this monitor offers the highest quality images with great 'black' levels whilst using up to 40% less power than previous ccfl back-lit monitors.

The EF190b has VESA compatibility (100 x 100) for easy wall mounting and a reinforced aperture that fits 'Kensington' type security locks.

With 2 Watt stereo speakers and an integrated power supply this handsome display minimises desk clutter whilst offering the perfect display solution for both business and home use alike.
