

The **edgedupe HDD duplicator** is an economical and powerful hard drive duplicator that makes copying HDD to HDD fast and easy. There is no computer required or complex software to operate. It supports high data transfer speeds of up to **80MB per second** which helps you backup data more efficiently. The complete copy functions provide different copy modes: **Only Data**, **All Partition** and **Whole HDD** to satisfy various needs of duplication. Users can copy their HDD with only data area instead of copy entire source HDD, which greatly saves time. This series of HDD duplicator also support professional erase capability. Besides Quick/Full Erase, it provides with **DoD Erase** and **DoD EraseComp**, which allows you to completely erase data from hard drives complying with Department of Defense standard (**DoD 5220**) and guarantee the data is deleted.

Model shown is HD-S03

- Quick “Only Data Copy”
- Supports 2TB Whole HDD Copy, 8hrs to complete
- Supports “Only Data”, “All Partition” and “Whole HDD” copy modes
- Supports DoD Erase to efficiently wipe data from the HDD
- Simple firmware update procedure
- Instant power on and off

Model	HD-S01	HD-S03	HD-S07	*HD-S11
Target	1 : 1	1 : 3	1 : 7	1 : 11
Interface	SATA			
Drive Capability	3.5” / 2.5” (adapter optional)			
Transfer Rate	50~80MB/Sec.			
Display	2x16 Backlight Monochrome LCD			
Input	4 push buttons (Forward / Backward / OK / Cancel)			
Copy Mode	Only Data, All Partition, Whole HDD			
Erase Mode	Quick Erase, Full Erase, DoD Erase, DoD EraseComp			
Weight (kg)	6	6.5	10	13
Dimension (L*W*H cm)	28 x 19 x 16	41 x 17 x 28	40 x 22 x 45	75 x 30 x 53
Safety	FCC, CE, RoHS
